

Place Leaders
Asia Pacific

A network for
people in place

Membership Information

Hello

As Chairman of the Board of Directors of Place Leaders Asia Pacific it is my pleasure to invite you and your organisation to join our vibrant and growing network. We are a non-profit organisation and have been in operation for over a decade.

Our members are committed to providing leadership in the pursuit of place-making excellence. The organisations that share our table range in size and complexity from sole trader professional services providers and regional and metropolitan local government areas through to some of the largest City Councils and urban redevelopment corporations. From engagement specialists, planning and design professions and major companies whose work contributes toward the successful create of great public places – we are committed to enabling terrific places where people come first.

Our Association offers a dynamic range of activities to enable the exchange of knowledge and experience – in both the online environment and in face to face gatherings.

Accompanying this letter you will find information sheets outlining our categories of membership and the annual fees. You will find additional insight into our organisation via our website – www.placeleaders.com

I look forward to sharing with you the wealth of knowledge among our membership as we all strive to create great outcomes that support sustainable and dynamic communities and where great human experiences make for great memories – and a strong desire to revisit.

Kind regards,

A handwritten signature in black ink, appearing to be 'Bob Perry', written in a cursive style.

Bob Perry

Chairman

Place Leaders Asia Pacific

Mission

Place Leaders Asia-Pacific is a not-for-profit member organisation for the promotion of leadership among place shapers, makers, activators and managers working in Australasia and the Asia-Pacific region.

Our mission is to recognise leadership, foster global alliances and promote knowledge exchange for the creation and stewardship of successful public places throughout our region.

Place leaders create new – and transform existing – public spaces as vibrant and inclusive places. Successful places make us feel welcome. They are places where a sense of belonging inspires imagination and evokes a desire to stay – and to return again!

As an international network of dedicated organisations and individuals, our members develop successful place-making practices, policy and processes. We strive to achieve great public realm outcomes by taking more things into account from the very start.

We facilitate knowledge sharing and promote the expertise of our members through the creation of networking and learning opportunities.

Through evidence gathering and the fostering of research partnerships, and through award and recognition programs, we celebrate great place outcomes – and the people who make them happen.
