Featuring water views and an outdoor deck, the newly developed Event Space at the Connection is the perfect location to be celebrating the 2016 Place Leaders Awards.

The Connection at Rhodes is a 'multipurpose Community Precinct', located on the foreshore of Homebush Bay, designed with a vision to deliver facilities and services for the whole community.

As a community Hub, it aims to provide a vibrant place that people can meet and gather, and engage in range of activities and programs to suit the growing and changing needs of the population.

Place Leaders Members and Award Attendees will be privy to a unique first time tour of the Community Precinct prior to the Awards Evening that will discuss the process of the precincts development, its facilities, spaces and services through six short 10-15 min presentations at six locations.

The Tour will conclude with drinks, light refreshments and networking time on the balcony, prior to moving into the Event Space for the 2016 Awards Evening and Presentations
